Southern Nevada Building Officials

Subject: Copyright of Plans

Plans prepared and sealed by licensed engineers and registered architects are protected by copyright laws. The Southern Nevada Building Officials (SNBO) has determined that the use of these plans for the purpose of depicting locations of ancillary structures (such as fences, pools, signs, etc.) submitted for permitting purposes by subcontractors is not acceptable without the approval of the engineer/architect who sealed the plans. Therefore, written approval from the engineer/architect will be required.

Effective March 1, 2016, for projects where the above is applicable, the attached form letter, or a similar one, will be required at the time of permit submittal.

If you have any questions or concerns, please contact Mo Jadid at (702) 267-3611 or by email at Mohammad.Jadid@cityofhenderson.com for further information.
